WTPROJECT

WT Project designed and realized four innovative and high tech hotel mockup: Play, Energy, Glam and Media Hotel. Four outstanding design solutions that provide the user with unique and extraordinary experiences.

Play Hotel - an Hotel with interactive materials and technologies that allow to play and interact to children and adults introducing them in a fantasy world.

Entering in the Play Hotel, the guests find themselves in a space full of visual stimuli, sound and touch giving you an unforgettable experience. Bright colours, sinuous furniture, interactive projections into which they will introduce you into a new age tale that will involve 360 degrees.
